

1/27/21

Hello Literacy Parents,

I wanted to share a donation opportunity for my class. This is a great way to get volunteer hours and it is super beneficial to my class. Later this year we will be embarking on our next literacy novel study about WWII. As a part of the 6th grade curriculum, your student gets to learn about world history this year. In order to get a well rounded experience with WWII history, we will be studying a variety of WWII novels. I have set up a Donors Choose project to help get funding for the five different WWII novels, in which the students will have the choice on which one they read. If you are interested in donating to this project please click on the link below. Thank you very much for your support of our classroom.

## WWII Novels From Five Perspectives, a project from Mrs. Fiso

Help me give my students the opportunity to do an in-depth book study with novels that teach about WWII from multiple perspectives. I teach a sixth grade advanced literacy class with some of the mo...

### **What We Are Learning**

This week we have started reading Macbeth. We will do all our reading in class as they each take parts and read it aloud. We are also learning about Problem and Solution Informative Writing.
